

THE BLAIRMORE ENTERPRISE

VOL XVI, NO. 34.

THE BLAIRMORE ENTERPRISE THURSDAY, AUGUST 20, 1925.

PAYMENTS OF HOME BANK RELIEF CHEQUES DELAYED

(Special to The Enterprise)

TORONTO, August 13.—We had hoped to have paid before this all the depositors entitled thereto, their dividend of 85 cents on the dollar, as set out in the Home Bank Creditors' Relief Act. We have our lists all ready and could pay the money any time but unfortunately, the Government have been delayed in providing

us with the funds.

Mr. Clarkson is in receipt of a letter from the Deputy Minister of Finance, saying that an order-in-council will likely be passed next week, authorizing the payment of the funds to the liquidators.

I will notify you in due course just as soon as anything is doing.

I. S. WELDON.

Secretary Home Bank Depositors
National Relief Committee.

RETURNING TO THE EAST Our Business is For Sale

Our Annual Turnover is approximately Fifteen Thousand and can be increased by any hustler or two partners. We will teach the business to inexperienced buyer. Investigation invited. Best reason for selling. For full particulars, call at our shop.

WORLD HAPPENINGS
BRIEFLY TOLD

The British minister to Switzerland on behalf of India, has signed the platinum convention adopted at Geneva last February.

Belgium's first proposal for the re-funding of its \$480,000,000 debt to the United States was found unacceptable by the United States commission.

The Daily Express, Lord Beaverbrook's paper, suggests that Earl Beatty, admiral of the fleet, is qualified to be Lord Byng's successor as governor-general of Canada.

It is stated that the Soviet Government placed contracts for cotton valued at \$200,000 sterling with various Lancashire firms that would keep the looms busy for several weeks.

Austin A. Nelson, a passenger, was killed, and Worthington R. Kempf, pilot, was seriously injured when Kempf's aeroplane fell 200 feet at Packard Field, Detroit.

Admiral Suh-Cheng-Ping, a vice admiral in chief of the Chinese Army, in his report to the Peking Government urges it to stand firm in a demand for complete Chinese "freedom of the seas."

A daily air line service, carrying mail and passengers, has been started between Berlin and Moscow. By connecting with other air lines, one can go from Moscow to London in 39 hours.

An hour after Hampton Zeigler, 21, bought an aeroplane from W. R. Coe at Los Angeles, both men fell to their death in the machine which went into a tail spin while Coe was teaching Zeigler how to fly.

An anarchist attempted to assassinate King Alfonso, of Spain, as he entered the casino at Saint Sebastian, but he was seized before he could fire his pistol, according to a dispatch received at Paris.

Miss Mona Barton, Canadian pianist, using the name "Anna" Sisak, has won enthusiastic recognition in Vienna and Dresden, Germany. On one occasion she had the pleasure and honor of playing on the old piano used by the great master, Franz Liszt.

Sir Park Godf, one of the most learned members of the British House of Commons, has been selected by the British group which is to attend the international parliamentary conference at Washington in the fall, to lecture there on the subject of disarmament.

Gave Two Orations
At Own Funeral

Farmer of Davenport, Iowa, Made Phonograph Records Before Death

The voice of the dead delivered two orations at the funeral services for Charles W. Lau, wealthy retired farmer and former member of the school board.

In order to have a farewell heart-to-heart talk with his family and friends, and that he might criticize present conditions in the church, Mr. Lau, three months ago, went to Chicago laboratory and had two addresses inscribed on phonograph records.

He died. The two address were delivered through the phonograph, one at the services at the home and the other at the crematorium.

Has Model Lifeboat

Dutch Engineer Claims His Invention Cannot Capture

Horst Schutte, of Rotterdam, a Dutch naval engineer, has invented a lifeboat which he claims cannot capsizise and gives the occupants the fullest protection against exposure to the weather. The first experiments on a small scale were entirely successful. The inventor, with six friends, plans to sail the latest model of his lifeboat from Rotterdam to London, and thence to New York as the final test. The model now being constructed is 25 feet long, eight feet wide, and 4½ feet deep.

Will Penalize Bachelors

Bachelors in the Free State civil service in future will be subject to a penalty. An order has just been issued providing an equal pay basis for unmarried men and women. On their marriage, men employees will receive a lump sum and automatically become entitled to an increase. Women employees who wed will be forced to retire from the service, but will be given a substantial down.

Determined To Get Education

In Europe there are 250,000 students who are hungry and ragged, but who are determined to secure an education. Many of these have been aided by the European Student Relief, which was organized under the World's Student Christian Federation.

Criticizes Political Book

Winston Churchill, Rensis Thorne, Said About His Father

The British minister to Switzerland on behalf of India, has signed the platinum convention adopted at Geneva last February. Belgium's first proposal for the re-funding of its \$480,000,000 debt to the United States was found unacceptable by the United States commission.

The Daily Express, Lord Beaverbrook's paper, suggests that Earl Beatty, admiral of the fleet, is qualified to be Lord Byng's successor as governor-general of Canada.

Post Office Will Adopt Zone Plan

System Will Be Tried Out in Toronto

For the first time in Canada the metropolitan system of dividing large cities into postal districts or zones is to be attempted, according to advice received by Postmaster General Nichol at Regina. The new system is to be tried out in Toronto, and is satisfactory, will be introduced into Montreal.

The object of the new scheme is to speed up the sorting and delivery of mail in the larger cities. Toronto is to be divided into ten postal districts all of which will have a special number from two up to 13, excluding seven and eleven.

When addressing a letter to Toronto henceforth, the proper zone will be to the left of the number of the post office to which the letter is being sent. Thus mail for John Smith living in district number two should be addressed—Mr. John Smith, 196 College Street, Toronto 2, Ontario.

Call Relief Conference

Jews Will Meet in Philadelphia on September 12

Plans for continuing relief to their co-religionists in Europe and Palestine, with special reference to a project for settling 100,000 Jews in Russia as farmers by the end of 1927, will be considered at the conference of Jewish men to be held in Philadelphia Sept. 12. The call for the conference, which has been issued by David A. Brown, president of the general necessities corporation, New York, and is signed by over 200 leading Jews from all parts of the United States, describes the dates of the conference as follows: "The history of American Jewry. Fifteen million dollars is the amount, which, it is estimated, will be necessary to carry out the plans that will be submitted at the conference.

New Type of Breakwater

A new kind of breakwater is being experimented with in California. It is a simply perforated pipe laid about diagonally under the water. Compressed air is pumped into the pipe, and the bubbles that result are said to break up the waves effectively.

In one hundred years the population

of England has grown from eight million to thirty-two million. This is a natural increase, as emigration is greater than immigration in England.

Critics Political Book

Winston Churchill, Rensis Thorne, Said About His Father

The British minister to Switzerland on behalf of India, has signed the platinum convention adopted at Geneva last February. Belgium's first proposal for the re-funding of its \$480,000,000 debt to the United States was found unacceptable by the United States commission.

The Daily Express, Lord Beaverbrook's paper, suggests that Earl Beatty, admiral of the fleet, is qualified to be Lord Byng's successor as governor-general of Canada.

It is stated that the Soviet Government placed contracts for cotton valued at \$200,000 sterling with various Lancashire firms that would keep the looms busy for several weeks.

Austin A. Nelson, a passenger, was killed, and Worthington R. Kempf, pilot, was seriously injured when Kempf's aeroplane fell 200 feet at Packard Field, Detroit.

Admiral Suh-Cheng-Ping, a vice admiral in chief of the Chinese Army, in his report to the Peking Government urges it to stand firm in a demand for complete Chinese "freedom of the seas."

A daily air line service, carrying mail and passengers, has been started between Berlin and Moscow. By connecting with other air lines, one can go from Moscow to London in 39 hours.

An hour after Hampton Zeigler, 21, bought an aeroplane from W. R. Coe at Los Angeles, both men fell to their death in the machine which went into a tail spin while Coe was teaching Zeigler how to fly.

An anarchist attempted to assassinate King Alfonso, of Spain, as he entered the casino at Saint Sebastian, but he was seized before he could fire his pistol, according to a dispatch received at Paris.

Miss Mona Barton, Canadian pianist, using the name "Anna" Sisak, has won enthusiastic recognition in Vienna and Dresden, Germany. On one occasion she had the pleasure and honor of playing on the old piano used by the great master, Franz Liszt.

Sir Park Godf, one of the most learned members of the British House of Commons, has been selected by the British group which is to attend the international parliamentary conference at Washington in the fall, to lecture there on the subject of disarmament.

Blairstmore, Alta., Thurs., Aug. 20, 1925

CANADIAN TEACHERS' FEDERATION PLEDGES SUPPORT TEACHERS' ALLIANCE

The following message to Mr. D. M. J. Conway was received on Monday morning, dated Toronto, August 16th:

"Am instructed by my executive to inform you that the following resolution was unanimously passed at the convention of Canadian Teachers' Federation, viz:

"Resolved that this convention of the Canadian Teachers' Federation, having heard the report of the Alberta delegates with respect to the dispute existing between the Blairstmore School Board and the Alberta Teachers' Alliance, hereby endorse the action of the Alberta Teachers' Alliance and pledges the support of the Canadian Teachers' Federation until such time as settlement may be reached satisfactory to the Alberta Teachers' Alliance.

"(Signed) G. J. ELLIOTT,
Secretary, C.T.F."

The above is in support of the fight being made by the Alberta Teachers' Alliance in securing justice at Blairstmore where the school board has attempted to cut teachers' salaries.

At the same convention of the C.T.F., a standardized form of contract was considered to be presented to the provincial departments for adoption throughout the Dominion. This was also unanimously supported. The necessity of security of tenure, particularly in the western provinces, was emphasized. Recommendations were embodied in the report submitted by Miss Philbeam, as well as a clause in the contract covering statement of salary, a clause regarding dismissal. Thirty days' notice, she claimed, should be given. Reasons for dismissal should be incompetence, neglect of duty or misconduct. Written statements would make the basis of a board of appeal. Mr. Barnett, general secretary of the Alberta Teachers' Alliance, disagreed with

Mr. A. S. Matheson, of Penticton, B.C., in his statement that "what was good for the teachers was good for the board," on the ground that the teaching profession had to protect itself. In the majority of cases school trustees were not competent to judge upon the efficiency of a teacher.

Steps towards obtaining representation in the senate of Canada were taken by the convention and instructions were given that letters should be sent to the premier of Canada and members of the opposition, asking them to aid in having the request granted.

J. H. Lamb, deputy minister of municipal affairs, has been superannuated by the government on account of ill health. He is at present somewhat improved in general condition, but will be unable to return to work and has therefore been placed on the retired list. No appointment to the vacancy has as yet been made. Mr. W. D. Spence, for many years tax commissioner for the department, is continuing as deputy minister.

In the local magistrate's court on Friday afternoon last, Steve Faron, of Coleman, was declared guilty of selling liquor and was fined by Magistrate Gresham in the sum of \$500 and costs, or in default to serve a term of three months in Lethbridge jail. Two other parties were fined respectively \$100 and \$20 and costs for consuming liquor in a public place. Mr. M. E. Moscovitch, of Lethbridge, who appeared for Faron, has asked for an appeal.

Printed notices containing further information as to conditions of proposed Contract may be seen and obtained at the Post Office of Blairstmore, Alta., and at the office of the District Superintendent of Postal Service.

HORSELESS POLICE HAVE

ARRIVED IN PROVINCE WITH A VISIT FROM MR. JOHN ARTHUR NELSON AND MR. CARL E. LUMA OF CALIFORNIA

British Columbia police are about Iornia. The former is one of the to undergo a metamorphosis, and best known authors in the labor world from a band of plain clothes men and his latest books "The New will soon emerge as nattily Disciple" and "The Eternal Fenekhaki clad officers, a la South African fame" are attracting no small amount of Constabulary, or Royal Canadian Mounted Police, with variations.

Some of the uniforms have arrived: Film Co., and his book "The New and the Vancouver staff have been Disciple" is already being filmed. Mr. Lunn is also a writer of no mean tall will be needed to keep in the interest will follow their visit to these slack now enveloping the thin ones; parts. The National Pictorial, published at Los Angeles is edited by Mr. Nelson and is one of the bright little magazines we have run across. Messrs. Nelson and Lunn are using their influence towards closer co-operation between employee and employer.

BLAIRMORE AND THE A.T.A.

The Bassano Mail of last week remarks:

The Blairmore school board and the teaching staff have gotten into a tangle through an effort on the part of the board to reduce salaries. The result has been many wordy debates and the procuring of a new staff of teachers.

The Alberta Teachers' Alliance has taken a hand in the melee, and the news organ of that association has printed a vitriolic article commenting on the incapacity, narrow-mindedness and intolerance of the average rural school board.

We believe Blairmore school board made a mistake. Competent school teachers are underpaid as a general rule and it is poor economy to disrupt a school organization through bairdness.

The remarks of the organ of the Teachers' Alliance will not tend to mend matters any, however. Abuse will not make school trustees baird-minded or more capable."

WHAT BLAIRMORE BOARD
SHOULD HAVE DONE

The school boards of Olds, Stettinius, Melfort, Lacombe and Wetaskiwin held a joint conference recently to consider various matters generally affecting their districts and to arrive at a uniform scale of teachers' salaries. Had Blairmore board entered into such a conference with the boards of Coleman, Bellevue and Hillcrest, the present trouble could easily have been averted—and another opportunity would have been given a certain element of our board to realize that there is such an active organization as the Alberta Teachers' Alliance affiliated with the Canadian Federation of School Teachers.

It is very gratifying to learn that there is a growing feeling of bitterness among the more level-headed and sensible miners of Cape Breton against J. B. McLeachan. No one person is as responsible as McLeachan for the present deplorable situation on our beloved island. The fruits of his preaching for the past ten or fifteen years have been gathered in the desperate condition the miners are in and the disorders and lawlessness of the past few weeks. —Richmond (Nova Scotia) Record.

He Looked Out
Curious—"Gosh, what a bump!"
What happened to you?"

Friend—"Well, Mike dropped a brick off the tenth floor, and yelled to look out below."

C—"Yes?"
F—"Well, I looked out."

STATUS OF SCHOOL TEACHERS

Our attention has been directed to an interesting article recently published in the magazine of the Alberta Teachers' Alliance from the pen of Mr. C. Samson. It deals with the question of the status of school teachers in the life of Canada, this question being connected with the unfortunately all too certain fact that a large number of our school teachers are anything but enthusiastically devoted to their profession. On the contrary, most of them regard it with hardly concealed dislike and there are few male school teachers who are in the least inclined to advise their sons to take up teaching as a life work.

It is suggested in the article in question that the social status of the teacher is lower than it should be, and that the root cause of that fact is that the teacher is so very much at the mercy of people who are his inferiors in respect of knowledge and intellect. As the employees of the local school trustees the teacher is entirely at their mercy. If his ideas of discipline or teaching differ from theirs he is liable to be dismissed. In this ultra democratic age the school trustees in their turn are constantly subject to the pressure of the individual taxpayer, and the individual taxpayer's ideas on the subject of education are apt to be somewhat crude, to put it mildly. The number of taxpayers who give serious thought and study to the school curriculum must be sadly few. Yet actually few must be the taxpayers who hesitate for a moment to find the gravest fault with the teacher if their children fall in examinations or are punished for misbehavior in school. The natural result follows that the teachers, writing under this dictation from persons ignorant of the technique of the profession and careless of its many difficulties, take the first chance offered of getting out of the profession or, if the need of bread and butter is urgent and the alternative openings not apparent, they give up a really keen professional interest in their work and deliberately adapt their behavior to the securing of their salaries. It is not always so, of course. There are places, especially in the cities, where school trustees are both popular enough and strong enough to be capable enough to choose good teachers, back them to the full and convince the taxpayers that such a teacher should in theory entitle them to. In practice it is the man who holds the respect, even if it is the snarling respect, of the human animals, while he who has to jump to the crack of the whip may do so most skilfully and gracefully but he does not count for much in the eyes of the onlookers.

What is the remedy for this state of things? On the one hand, the taxpayers, who provide the money for the school and their teachers, cannot well be expected to do so and yet have no voice or control in the conduct of these schools. On the other hand, the present condition of things is good for neither pupils, teachers, nor the community as a whole. The suggestion is made that greater security of tenure should be offered to the teachers. If so, the public must be assured of the quality of those teachers. If a higher standard of qualifications was coupled with assured immunity from constant capricious criticism and with regular promotion on grounds of merit, the teaching profession would rise steadily in the opinion both of the public and of its own members, and the children of Canada would benefit accordingly. —Red Deer News.

Canada's 1925 crop is estimated at \$1,800,000,000, outrunning the 1924 crop by about \$400,000,000, or \$600 for every farm family.

Rt. Rev. W. Cyprian Pinkham, B. D., D. D., D.C.L., has just celebrated the thirty-eighth anniversary of his first service held in Calgary.

CROWS' NEST PASS TRAP-
SHOOTING CLUB ORGANIZED

At a well-attended meeting of sport enthusiasts held at the Greenhill hotel last night, it was decided to organize The Crows' Nest Pass Trap-Shooting Club.

The chair was occupied by Mr. L. Morgan, while Mr. W. W. Scott acted as secretary of the meeting. The objects of the trapshooting club is to interest as many as possible in shooting and fishing and the preservation and propagation of fish and game.

Those in attendance included: L. L. Morgan, W. W. Scott, L. Dutil, A. Morency, F. A. Wallace, Noble McDonald, J. A. McDonald, L. P. Robert, W. Hilling, M. Pruden, D. M. J. Conway, J. R. Smith, John Hall, W. J. Bartlett, J. A. Barbour, G. A. Vissac, J. H. Farmer, F. M. Thompson, E. C. Costick, S. J. Lamey, E. Large, J. W. Graham, H. Barlass, Dr. Olivier, J. Carmichael, M. Hamilton, M. John son.

After reading some of the rules applying to such an organization and the objects and purpose of same, some discussion ensued as to what should be embodied in the name.

Mr. Vissac expressed the view that the new organization, while perhaps bearing the name of a trapshooting club, should be wide in scope of activities and take interest in not only shooting, but in fishing and the preservation of both game and fish, as well as the conservation of our forests and streams.

Upon motion it was decided to

organize and to name the new organization "The Crows' Nest Pass Trap-Shooting Club."

Election of officers resulted as follows:

President—Mr. L. L. Morgan.
Vice-President—Mr. S. J. Lamey.
Secretary—Mr. W. W. Scott.
Treasurer—Mr. W. Bird.
Committee—L. Dutil, L. P. Robert and J. A. Barbour.

Question of fees was next considered and it was decided to assess a nominal membership fee, sufficient to cover the initial outlay of the club, viz: \$250.

Mr. Vissac, general manager of the West Canadian Collieries, very kindly offered a hall for the use of the club. Several sites were being mentioned, and the committee will immediately get busy to decide on a choice, also to secure the equipment necessary and arrange other details.

It was decided to hold another meeting at the Greenhill hotel on Wednesday evening next at 8 o'clock, when matters of organization, etc., will be finalized.

It is hoped that all interested in the sport of shooting will attend this meeting. A membership of at least fifty is desired and the more the better.

A. MISLEADING CARTOON

A cartoon in a Western United States paper illustrates a common misapprehension and a current criticism of the League of Nations. On a tall pole is fixed a war "sign". On a wide board beneath it sleep the ten members of the League Council. In the left-hand corner the war fires in Morelos are blazing fiercely, while on the right Uncle Sam is watching the alarm clock and saying: "Wonder where that fire department is that I've been hearing so much about."

The implication is that the League of Nations has the power and should exercise it, to interfere in the domestic affairs of the nations that compose it.

It has no such power. The possession of them would make the League a super-state, would abrogate the sovereignty of each member, and render a real League of Nations impossible. The mission of the League is to prevent war between nations belonging thereto, along the lines laid down in the covenant and agreed to by the nations themselves, not to interfere in their internal affairs.

(From the Bulletin of the League of Nations Society.)

IS THE GAME UNPROFITABLE?

The following very timely editorial appeared in last week's issue of The Hanna Herald and may interest some of our local readers:

"Is the stock peddling unprofitable in the Hanna district, since the Herald published recent editorials advising its readers to be very careful in their investments? We have reason to believe that it is, and that travelling salesmen, banding together in questionable enterprises are hot-footing it out of the country."

"Readers will remember that we have recently been calling attention to the activities of stock peddlars in the Hanna district. We have advised everyone to beware of the travelling promoter, and have even gone so far as to predict that purchasers would be 'holding the sack' as were, after the salesman got his money."

"We thought that we would smoke some of these birds out! Last week, two gentlemen representing themselves as stock salesmen for the Dirigible Headlights Company, called at the Herald office and requested copies of paper in which the above editorials appeared, and after reading the offending (to them) articles, departed with 'blood in their eyes.' Later, they returned, purchased a few more copies for 'head office,' and inserted a notice to 'applicants' for shares, stating that their certificates would be forthcoming in a few days, and that THE SALE OF STOCK IN THE HANNA DISTRICT WAS BEING DISCONTINUED. This notice appeared in last week's Herald."

"So much for the light of publicity. Had the Herald not taken an interest in this stock selling game, the campaign would probably have gone on swimmingly, and perhaps a few score or more of our local farmers would have been separated from sums varying from ten to a thousand dollars, or perhaps more. 'No order too large; no order too small' was evidently the motto. Even as it is, we have been too late to save some people from investing money in questionable enterprises, and a substantial amount of hard-earned money has been exchanged for prettily engraved stock certificates which might be considered of some value as a decoration for the walls of a beer parlor."

"However, the Herald is pleased to know that its readers have taken heed of the alarm. We have received many commendations for the pains we have taken to put this country on its guard, and more than one man has stepped back before he fell into the trap."

"In the future, when a stock salesman approaches you with a proposition, wait until you have at least had time to consult your banker or some other authority. Any man who has an honest proposition will welcome investigation into its merits, but beware of the promoter who tries to stampede you into quick action, alleging that the stock will all be sold unless you hurry."

"Doubtful stocks were on the market before we attempted our first shave, and if we live to see our whiskers trail the ground, that supply will not have been exhausted."

"Thirty-four lives were lost when a boiler explosion occurred on an excursion steamer, the Mackinac, off the New England coast, on Tuesday afternoon. The boat carried some 670 excursionists, a large number of whom were injured."

"Fatality overtook the canoe party recently set out from Edmonton for Winnipeg via the North Saskatchewan river. Mr. Wallace Fergie was a member of the party, accompanied by Professor H. S. Paton, of Alberta University, Rev. Alfred Johnson, of Mirror Lake, and a lad, Near La Caille Falls, 24 miles east of Prince Albert, Rev. Johnson was drowned. Up to the present no trace of Rev. Johnson's body has been found."

RED ROSE COFFEE

"is good coffee"

"There Is No Argument Against Safety."

One of the busiest sections of the world today, it, indeed, not the busiest, are these prairie provinces of Canada. From early morning until late at night, men and women, too, not by tens of thousands alone but hundreds of thousands, will be engaged in harvesting the great grain crops of the West. Tens of thousands of helpers from Eastern Canada and the Pacific coast are here to help in the huge task. Thousands of horses and millions of dollars worth of machinery are being employed. It is a time of hard work, but it is also a time of satisfaction as the results of a year's toil are garnered.

The very magnitude of the task, and the large numbers of people engaged, call for the taking of precautions against accidents. "Safety First" should be the motto of all. As a writer in the American Red Cross Courier says, there is no argument against safety. "No one ever heard of safety killing hospitals or graves, or destroying property, or resulting in loss of any kind. It is the failure to exercise due caution, that causes these disasters."

Not a year passes but the annual Western harvest takes its toll of life, of others crippled and maimed for life, of property destroyed. The practice of "Safety First" will prevent most of these calamities.

Millions of acres of ripened grain and masses present until guarded of loss if every care is not exercised to prevent accidents. One accident, however, tends to what painful sensations they may spread, resulting in loss not only of crops but of homes and other possessions, and possibly life itself. It may require little extra time and labor to take proper precautions, but it is the cheapest possible form of insurance.

Binders, mowers, threshing machine outifts are powerful agents not only for harvest operations, but for cutting off arms and legs if one is not exercised to keep out of the way of such moving machinery. Wherever possible cogwheels, moving belts, knives and gears should be protected, not that they need protection, but because the workers need to be protected from them. It should be borne in mind by the employing farmer that many of his harvest help may have had no previous experience about, or in the handling of machinery.

The straight-thinking man respects safety; he knows its real value. Down through the ages this has been revealed over and over again. It is the tool which rashes in where angels fear to tread, who forges ahead regardless of consequences to himself or his fellowmen. Speed is all right in its place, but its place is not in attempting a level crossing in front of an approaching express train. Nor is it in raving the time necessary to plough a freguard.

The farmer who at great labor and expense ploughed his fields, sowed seeds, has seen his crop pass safely to the rich fields of another, through the carelessness, or, and especially, the machine, and failed to have it not now in the final result of his efforts operations. If he is wise, neglect any precaution, that can be taken, to protect his men harvesting it, from disaster.

But it is not the farmer alone who should give heed to the fact that there is no argument against safety. Several thousand elevators are manned and ready to take in the grain. They will be worked at high pressure, and under such conditions there is always the danger of a lessening of vigilance. It is better to be safe than sorry.

And as the grain is marketed the busy time for the railways and their armories of employees is reached. Weeks have been spent in putting roadbed, motive power, rolling stock into first-class shape to meet the strain. The number of trains moving day and night will be largely increased. Railway management fully recognize the importance of always applying Safety First principles. So do railmen. But at no time is it more important that such principles be rigidly adhered to and enforced through the voluntary cooperation of each individual than when all are working at high pressure and carrying a peak load.

An old Chinese proverb says: "To save one man's life is better than to build a seven-storyed pagoda."

Remarkable Fire Extinguisher

Tanks Loaded With Carbon-Dioxide Gas Literally Freeze Flames

Fire extinguishers that will literally freeze a fire to death, while covering the burning area with a dense gas, which bars all air and oxygen on which the flames might feed, have been devised for fighting switchboard fires, and also for oil tanks and other ships where fires in the cargo hold present a serious problem. The extinguishers, which are merely tanks loaded with the carbon-dioxide gas (such as is used at soda fountains to carbonate the water) eliminate the water damage which forms one of the greatest losses in ordinary fire fighting.

Fire extinguishers that will literally freeze a fire to death, while covering the burning area with a dense gas, which bars all air and oxygen on which the flames might feed, have been devised for fighting switchboard fires, and also for oil tanks and other ships where fires in the cargo hold present a serious problem. The extinguishers, which are merely tanks loaded with the carbon-dioxide gas (such as is used at soda fountains to carbonate the water) eliminate the water damage which forms one of the greatest losses in ordinary fire fighting.

Appliances Programmes Near Home. Radio fans over the country are losing something of their original zest for long distance and are coming to appreciate more fully the excellent programmes of their own nearby broad-casting stations. It is in this direction that radio progress is to be made.

The leaning tower of Pisa is now illuminated with electric lights.

Trans-Atlantic Air Service

London to New York in 36 Hours by Air

Plans for a trans-Atlantic aeroplane service, using double decker planes with accommodation for 150 passengers and capable of making the run from London to New York in 36 hours, have been announced by Joseph N. Garro, veteran British aircraft designer. According to the designer, the planes will have a wing span of 130 feet.

They will be equipped with two 150 horsepower engines each, and will provide spacious accommodation for passengers.

The fare for a single trip will be about 55 pounds sterling per passenger.

Home Grown Green

A marked decline in immigration from Canada to the United States is reported. The green fields at a distance frequently assume a blue tinge when reached—Vancouver Province.

There are eight times as many murders in the United States according to the population as there are in England.

Cannot Ask Fancy Prices

Court in Potdam Fined Guide For Overcharging Tourist

\$12 dollars is too much for any guide to charge for taking tourists through Sans Souci Castle and other sights of Potdam, in the opinion of the court of appeals. Guides for tourists are not a luxury, as held by the lower court whose decision was reversed, but a daily necessity, and therefore cannot command fancy prices.

The case arose out of a difference some months ago between a party of Englishmen and a Prussian guide named Max Schulz. The guide had charged 25 marks for taking the party around, whereupon the Englishmen appealed to the courts. The lower court believed that anybody who can afford a guide is rich enough to pay whatever the guide may charge. The state's attorney held, however, that Germany, and especially Potdam, has every reason to encourage the travelling public, and that overcharges like these were calculated to make people shun Potdam, thereby ruining the tourist business.

The higher court agreed with the state's attorney, reversed the decision and assessed a fine of 20 marks.

Painful Sprains, Bruises, Restored By Nerviline

There is nothing newer in Novelties that has made it famous for nearly two years past. It abides in depth, it penetrates quickly. It takes away the pain from sprains and broken bones, it relieves, it restores, it makes instant.

Your joints are stiff and you are suffering from Rheumatism or Lumbaritis. If Neuralgia hounds you now, and you are in pain, you are suffering.

It is a great relief to you now, and you are suffering.

It is a great relief to you now, and you are suffering.

It is a great relief to you now, and you are suffering.

LARKIN MAKING ANNUAL VISIT TO DOMINION

Ottawa—Hon. P. C. Larkin, Canadian high commissioner in London, is now in Canada. Mr. Larkin's visit here is in accordance with the custom which he has established since taking office, of visiting the Dominion in the course of each year.

While in Ottawa, the high commissioner will hold several conferences with Premier King and members of the federal cabinet on matters respecting Canada's interests overseas. Mr. Larkin, it is understood, will have recommendations to make regarding proposed economic among the various departments of government in London. The new of the recent housed of all the 126 Canadian civil servants under the one roof of Canada House in the Foreign Office.

It is likely also that changes may be recommended by Mr. Larkin in the immigration and trade and commerce departments in London.

Mr. Larkin, who has been appointed by the government as one of Canada's representatives at the meeting of the assembly of the League of Nations in Geneva in September, probably will remain here for three or four weeks, following which he will leave for Geneva.

Large Sum Needed

To Complete B.C. Road

Would Take \$1,750,000 to Extend Railway to Prince George

Victoria—The British Columbia legislature, deciding to extend the Pacific Great Eastern Railway to Prince George, it must be prepared to spend about \$1,750,000 on the project, according to estimates completed a short time ago. Premier Oliver announced on his return here from an inspection of the government-owned railway.

"The railway itself is in pretty good condition, although it needs a good deal of ballasting work, and the reparations will be heavy," the premier said.

He refused to discuss the government's attitude on the proposal that the legislature authorize the completion of the railway into Prince George at the next session. It is understood, however, that the cabinet will consider it carefully before the house meets.

India Objects To Protocol

Claims It Would Mean Great Military and Financial Burden

Geneva—In a communication sent to the League of Nations, the Indian Government declares that the Geneva peace protocol would be inimical to India's interests.

The communication asserts that India's geographical position would mark her as a nation upon which the League, under the protocol, ordinarily would call to apply immediate sanctions against recalcitrant states in the east. This would place upon India a burden, military and financial, which the country would not be able to bear, the communication adds, and also would subject the various Indian religious communities to an unwanted strain.

Successes Featherstone

Ottawa—D. F. Warren, assistant controller of Chinese immigration for Canada at Hong Kong, has been selected to succeed as controller the late Joseph Featherstone, whose death occurred there. Mr. Warren has been fifteen years in the immigration service at Fort William, Fort Frances and Calgary.

Exhibition Broadcasts

Chicago—Brahmin in Etah, Greamland, gave a musical programme by radio which was heard in Chicago.

The programme was broadcast on a forty-metre wave length from station WAP, aboard the S.S. *Perry*, ship of the Macmillan expedition at Etah.

Martial Law in Romanian Area

Bucharest, Romania.—The cabinet has declared martial law in the region of Bessarabia, Eastern Rumelia, in order to put an end to anti-semitic agitation. Officials declare the trouble was fomented by the Third International.

To Buy Machinery

Manchester, Eng.—A delegation from the All-Russia Textile Syndicate is here after a visit to Germany for the purpose of negotiating for the purchase of textile machinery for use in Russia, amounting to four or five million pounds.

W. M. L. 1920

Australia Benefits From Preference

British Government Pursuing Policy Of Assistance to Producers

London—Australia is reaping the largest benefits from imperial preference granted by the Baldwin Government as was generally predicted when they were introduced.

The London Times cable from Adelaide quotes the Australian minister for markets as stating that according to the latest estimate, Australia is benefiting under the imperial preference scheme to the extent of \$500,000 in the current year on "cottons, sugar, wines and currants." Efforts are also being made to arrange a preference with New Zealand, while the Canadian preference will come into operation shortly.

The government is vigorously pursuing a policy of assistance to producers in the effective marketing of their surplus products and over £200,000 has already been advanced to help them with their present crops. The general outlook for many years to come.

Troops Removed From Nova Scotia

Sent to Colliery Districts After Riot Last June

Halifax, N.S.—The thousand or more troops which have been stationed in Cape Breton, from various parts of Canada since the middle of June, have been removed. The troops were sent to the colliery districts after the New Waterford riot of June 11, when one man was killed and numbers injured, and which was followed by looting and the burning of British Empire Steel Corporation's plant.

The cost of transporting the troops and maintaining them from June 15 to August 3 was \$225,000, according to figures furnished by the department of national defence, given to the attorney general at his request. Mr. George Thacker, officer in command of district number six, said: "The figures are an estimate based on an average daily cost of \$424, plus \$20,000 for transportation to and from Cape Breton."

Cattle Awards At Vancouver

British Columbia Man Wins Exhibit of Arsenals

Vancouver—J. D. McGregor, of Victoria, man, had three cattle entries in the Arsenals Angus cattle judged at the Vancouver fair, winning the senior and grand championships in the bull class with Permit 9th. Queen Quail carried off the senior female and grand championships, and Blue Lady of Glencairn was awarded the junior reserve female championship. Besides these honors, the McGregor entries captured seven first and seven second and third place ribbons.

W. H. Morton and Sons, of Fairlight, Sack, while not capturing a first, had 21 entries which finished second or third in the Ayrshire class.

Ames and Black of Moffat, Ont., captured the female championship for Shorthorns with Maxwell Rosemary, and five firsts, five seconds and five third place ribbons in this class.

Japanese Captain Flouts B.C. Officers

Informed Vessel Was Under Seizure But Puts to Sea

Victoria—Ignoring the demands of Marshal W. H. Gorgin of the British Columbia division of the admiralty court that she was under seizure in connection with sinking of the tug *Hastur* in Vancouver harbor, the Japanese freighter *Kaiyu* Maru put to sea.

Acting on instructions from Vancouver, the marshal awaited the arrival of the vessel of Victoria where she dropped in Victoria harbor. The Japanese captain, after some discussion, consented to bring his vessel into the Royal Roads, but refused to permit the marshal to go aboard. When the pilot was dropped, the Japanese freighter headed out to sea, leaving the marshal and his aide floundering in an open boat in a stiff breeze offshore.

First Wheat Of Season

Winnipeg—A carload of number one northern wheat from a farm near Rosenfeld, Man., representing what is believed to be the first shipment of the 1925 crop, reached Winnipeg, Aug. 11. The wheat ran 63 pounds to the bushel.

Frontier Closed

Berlitz—The Jugo-Slav Government has ordered the Greek frontier closed because of reports of an outbreak of plague in Piraeus.

No Advance News About Wheat Pool

Ontario Minister of Agriculture Just Guessing Said MacPhail

Whitby, Ont.—Speculation grew out in the city by Hon. Michael Doherty as attacked by A. J. MacPhail, president of the central selling agency of the prairie wheat pool, who was here attending the regular monthly meeting of the organization.

He termed Mr. Doherty's statements with regard to the amount of grain a pool would pay the western farmer in the 1924 crop as "pure guess work."

"Up to date," he said, "no one has been informed by us in advance of any of our proposed payments. Personally, I do not think that I will be in a position to make a statement on the matter before I return to Regina."

Mr. Doherty, former minister of agriculture in Ontario, in an interview at Toronto, said members of last year's wheat pool in Western Canada would be defray a good part of their threshing costs this year by means of a further 10-cent payment on a 1924 crop to be made probable in September. Mr. Doherty had just returned from a tour of the west.

Mr. Doherty, in his interview, also predicted a wheat crop for the west this year of between \$50,000,000 and 40,000,000 bushels, which is some 25,000,000 bushels in excess of the last estimate of the Dominion bureau of statistics.

HAVE REACHED AGREEMENT ON SECURITY PACT

London—Another step toward the security pact which Western Europe likely will pin its hope upon for peace in the future was taken when the French and British foreign ministers reached a common agreement on the last Friday to be made to the last German government concerning violations of the Treaty of Versailles.

Having settled their points, Foreign Minister Briand and Austen Chamberlain, the British foreign secretary, took advantage of their conference in London to exchange views on the security pact. Exactly what their views are on this subject only they know, but the foreign office issued a statement saying their meeting had "safely improved prospects for conversations taking place in the near future which will lead to a final result."

These conversations, of course, are to be between the statesmen of the allied nations and those of Germany, and a beginning likely will be made next that the German ambassador to the British Isles will be on Mr. Chamberlain in Downing Street.

Canada Pays Large Loan

Is Only One of Four Coming Due This Year

Ottawa—Canada has paid off a loan of £5,000,000 due in London on Aug. 12.

Three further loans are due by Canada within the next few months. On the fifteenth of next month a loan for \$9,000,000 will fall due in New York, while an additional loan is payable here and in New York for \$8,000,000 on November 15 next. The sum of \$42,000,000 of the first year loan floated by Sir Thomas White is due in December.

Germany Approves Treaty

Berlin—The Reichstag has approved the new treaty of commerce and amity between Germany and the United States. The Reichstag also passed the government's tariff bill without amendment.

Will Restore Shield Sept. 10

Quebec—September 10 will be fixed as the date for the ceremony of restoring to the City of Quebec the ancient ensigns of the Kings of France, presented by the City of Hastings, England.

Commissioner of Immigration Has Been in China Since 1923

Ottawa—Joseph E. Featherston, Canadian commissioner of Chinese immigration at Hong Kong and former civil servant of this city, died in Hong Kong, aged 45, according to word received by the department of immigration. He was born at Hastings, Ont., and was at various times secretary to Hon. Frank Oliver, Hon. J. A. Calder and Hon. Charles Stewart.

Will Restore Shield Sept. 10

Quebec—September 10 will be fixed as the date for the ceremony of restoring to the City of Quebec the ancient ensigns of the Kings of France, presented by the City of Hastings, England.

Ex-President Opens Course

Chief Justice W. H. Taft, ex-President of the United States, replying to the speech of welcome at the opening of the new 6,000-yard championship golf course at the Mount Royal, Murray Bay, Quebec, just prior to getting off with a 170-yard drive. Mr. Taft complimented W. H. Coverdale, President of the Canada Steamship Lines, Limited, on his Company's enterprise in creating one of the finest golf courses in Eastern Canada and among some of the finest scenery in that part of the Dominion.

Frontier Closed

Berlitz—The Jugo-Slav Government has ordered the Greek frontier closed because of reports of an outbreak of plague in Piraeus.

COMMITTEE HAS REPORTED ON CATTLE POOL

Regina—A federation of livestock associations rather than a cattle pool along the lines of a grain pool in the recommendation for Saskatchewan by the special committee of enquiry appointed by the agricultural interests of the province to probe this subject some months ago.

That a cattle pool for Saskatchewan in the sense that grain is pooled is not possible, and that any attempt to organize on that plan could only lead to disappointment is the unanimous opinion of the committee as set forth in its report, made public by George Edwards, president of the Saskatchewan Grain Growers' Association and chairman of the investigation board of which the enquiry committee was a sub-committee.

That a cattle pool for Saskatchewan in the sense that grain is pooled is not possible, and that any attempt to organize on that plan could only lead to disappointment is the unanimous opinion of the committee as set forth in its report, made public by George Edwards, president of the Saskatchewan Grain Growers' Association and chairman of the investigation board of which the enquiry committee was a sub-committee.

The committee of enquiry came into existence by reason of a resolution passed at the last convention of the Saskatchewan Grain Growers' Association calling upon the central executive to enquire into the whole question of a cattle pool. Under this authority, the executive of the association, last March, called a meeting of agricultural interests, which meeting formed an investigation board and appointed a sub-committee to investigate the feasibility of a cattle pool, composed of the following well known agriculturalists and cattle men: Hon. George Langley, vice-president of the Saskatchewan Grain Growers' Association; Edward Evans, general manager of the South Saskatchewan Stockyards, Ltd.; Moose Jaw; R. A. Wright, president of the Saskatchewan Livestock board, with W. Waldron, acting provincial market commissioner, department of agriculture, as secretary.

Having settled their points, Foreign

Minister Briand and Austen Chamberlain, the British foreign secretary, took advantage of their conference in London to exchange views on the security pact. Exactly what their views are on this subject only they know, but the foreign office issued a statement saying their meeting had "safely improved prospects for conversations taking place in the near future which will lead to a final result."

These conversations, of course, are to be between the statesmen of the allied nations and those of Germany, and a beginning likely will be made next that the German ambassador to the British Isles will be on Mr. Chamberlain in Downing Street.

Commissioner of Immigration Has Been in China Since 1923

Items of Local and General Interest

New Denver, B.C., has decided to pay its one-room teacher a salary of \$1800.

All is fair in love and war. Women used enough rouge last year to paint our navy.

Dr. J. S. Myres, assistant to Dr. Oliver here, paid a visit to Claresholm yesterday.

Mrs. W. T. Young and children are visiting at Mrs. Young's former home, Millet, for a few weeks.

Ladies! One rubber apiece, worth \$1.00. One package Sunlight soap, two packages Lux. One her Lifesavers snap—all for \$1.00. Get it at Thompson's.

J. Joseph, of Hillcrest, is advertising a special sale in all lines of dry goods through the medium of attractive bills executed by The Enterprise.

Mr. and Mrs. J. A. McDonald, of the Empire Hotel, Coleman, are rejoicing over the advent of a son and heir. Arrived Sunday morning last, C.O.D.

Fred Anderson, eldest son of Mr. and Mrs. John Anderson, of Blairmore, was obliged to enter hospital at Edmonton last week to undergo an urgent operation.

On the last day of Chautauque programme in Carbon, Alberta, the big brown canvas tent was placed under seizure for non-payment of the license and management tax.

Sir Adam Beck, famous hydro-knight, died at his home in London, Ontario, on Saturday night of pernicious anæmia. Sir Adam was sixty-eight years of age.

Mrs. James, of Lethbridge, is the guest this week of Mrs. Evan Morgan. Mrs. James was a passenger on last Saturday's local, which was stopped at Cowley by a wreck.

Sergt. Lillis, in charge of the Medicine Hat R.C.M.P. detachment, accompanied by Const. Engles, stationed at Manyberries, are on a ten-day auto trip in the mountains.

Baron Byng, Governor-General of Canada, returned on Saturday last from his trip to the Arctic Circle. A special reception was held in Edmonton for him on his return.

A bunch of ladies camping at Kelly's Crossing recently undertook to paint their knees. And the mosquitoes camped a half mile away and wouldn't dare come closer.

It is possible that the Prince of Wales will pay another visit to his Alberta ranch in the fall of 1926, according to a statement made public by his ranch manager, Mr. W. L. Carlyle.

A party of over fifty British educationalists, touring Canada under the auspices of the Overseas Educational League, visited Alberta the past week on their way through to the Pacific coast.

By special arrangement with the government employment bureaus, harvesters are granted a special fare from Vancouver and Victoria to Edmonton or Calgary of \$10 and \$11 respectively, and half a cent a mile from those points to their destination.

Mr. F. Wright, town secretary-treasurer, who has been granted a four-months' leave of absence, leaves by the local on Tuesday next, enroute to join his wife in England and visit old haunts and relatives and friends. Mr. Wright is being relieved here by Mr. Arthur J. Kelly.

A rickety old tourist car passed through Blairmore on Monday, bemired all over with mud and lacking paint very much. The occupants had placed a large piece of wood across the back of the car which caused much amusement. It read: "Don't laugh, girls. You'd look funny without paint, too!"

Two high school teachers have just been engaged by the Red Deer school board at a salary of \$1600 each.

Sergt. Duncan, of the local A.P.P. detachment, has been called to Drumheller, where trouble still prevails.

Every coal mine worker, within seven years, in the regular course of his work, will be either killed or injured.

Rev. P. J. N. Cosman, pastor of St. Anne's Catholic church, left here by Tuesday's local on a visit to points in Eastern Canada and the States.

Mrs. F. Thall and little daughter Muriel, of Lethbridge, were the guests of the Knappman family here over the week end.

A by-election will shortly be held to fill the vacancy created by the death of W. G. Johnston, Labor member, of Medicine Hat.

A New York newspaper describes Great Britain as "A pioneer in the creation of war debts." Pioneer means "early settler."

Last night's senior league baseball game between Michel and Blairmore, on the local diamond, resulted in a win for Michel by 3 to 1.

Miss Elizabeth McLeod returned home from Calgary this morning to spend a brief vacation with her parents, Mayor and Mrs. McLeod.

We are asked to announce that in the absence of Rev. Father Cosman, but one Mass will be celebrated at St. Anne's church on Sunday next, at 10 o'clock.

R. E. Harrison, druggist of Lamont, Alberta, has been elected president of the Canadian Pharmaceutical Association at its recent convention in Charlottetown, P.E.I.

An eastern paper remarks: "Canada has several instances of 'fool' legislation or its statute books. Seems to us the limit is nearly reached in making election day a holiday. If the fad for holidays keeps on, we may have to pass legislation soon fixing an attend to business day."

ARTHUR J. KELLY, Lance L. Morgan and R. W. Morgan returned last week end from a very successful fishing trip up the south branch of the Castle river. Some of their victims measured twenty-one inches on an honest-to-God rule.

Mrs. Petrie, mother of Mrs. Fred Wolstenholme, passed away at Bellevue on Saturday afternoon. Funeral took place on Monday afternoon, the remains being laid to rest in Hillcrest cemetery, beside those of several of her sons who were killed in the big mine explosion in 1914.

What's in a name? A man recently married a Bassano girl named Toogood.

The girls who paint their faces are usually interested in the boys who paint the town.

Mrs. L. P. Robert is enjoying a visit to relatives and friends in the Eastern States.

Automobiles killed no less than one hundred and fifty in New York state in the month of June.

Married men really have just one advantage over bachelors. The week shall inherit the earth.

A number of local miners have been granted a few weeks' leave of absence to go to the prairie to assist in harvesting.

Mr. D. G. Mackenzie, our local golf star, is making a good showing at the Western Canadian golf championship meet at Calgary.

Mr. and Mrs. Ed. McDonald and Mr. and Mrs. M. Murphy have returned

from a motor trip over the Banff-Windermere highway.

The suggestion has lately been repeatedly made that if the school board are unable to handle the school district affairs they should, in justice to the taxpayers, resign.

Messrs. Joe McIntyre, of Bellevue; Allan Hamilton; Ed. A. Harper and A. R. Granger, officials of the West Canadian Collieries, have been despatched to points in the prairie provinces as special agents for Greenhill and Bellevue coal.

ARTHUR J. KELLY, Lance L. Morgan and R. W. Morgan returned last week end from a very successful fishing trip up the south branch of the Castle river. Some of their victims measured twenty-one inches on an honest-to-God rule.

Mrs. Petrie, mother of Mrs. Fred Wolstenholme, passed away at Bellevue on Saturday afternoon. Funeral took place on Monday afternoon, the remains being laid to rest in Hillcrest cemetery, beside those of several of her sons who were killed in the big mine explosion in 1914.

BLAIRMORE GOLF CLUB

The regular mixed foursomes on Wednesday afternoon, August 19th, resulted as follows:

1st—W. Bird and Mrs. Linville, 50 and 55—100, less 32, 73 net.

2nd—J. H. Farmer and Mrs. Congdon, 52 and 48—100, less 22, 78 net. Charbonnier Cup match on Sunday, August 23rd. Special prize for the lowest handicap score. All those wishing to compete kindly hand in their names to the secretary.

Messrs. Fred Padgett, E. C. Cosstick, Alberta Hallworth and Noble McDonald, with their families, returned to Bellevue last week from a motor and camping trip to the Pacific coast. They report having had a most enjoyable trip.

Twenty-five families of Germans are expected early in October to settle on a tract of 10,000 acres of land, all in one block, in the High River district. It is said this is the forerunner of a lot of 60,000 German agriculturists who are headed towards Canada.

Immigration authorities recently announced that Detroit was the port of entry for approximately 10,000 Canadians who went to the United States during the past fiscal year as permanent residents. Figures were not given as to the number of Canadians who returned home during the same period disgusted with conditions across the border.

and all that goes with them, or as many spoons and as much table silver as you want can be purchased here. We have an exceptionally fine line of ARTISTIC JEWELRY

and the newest designs in silverware. If you have a gift to buy, a wedding present or a birthday or anniversary remembrance, look over our stock first.

It will well repay you to
